

National Conservatives

Survey of Registered Voters

Performed for Afghanistan Study Group

Prepared by Stephen Clermont/Third Eye Strategies

January 4th through 10th, 2010

Third Eye Strategies
Springfield Virginia

United States Conservatives – Registered Voter Survey

METHODOLOGY

The following is a cross tabular report of a poll taken of conservatives nationwide. Drawn from a sample of randomly selected phone numbers, this poll contains 1,000 registered voters who describe their political ideology as conservative. Voters with listed landline phones, unlisted landline phones, and cellular phones were eligible to be called. Respondents were interviewed from 5:00 to 9:00 in their time zone from January 4th through 10th. The data were adjusted slightly by gender, age, and phone use to most accurately reflect the distribution of conservatives nationally.

All polls are subject to errors caused by interviewing a sample of persons, rather than the entire population. In 95 cases out of 100, the responses to the sample of 1,000 should be within plus or minus 3.1 percentage points of those that would have been obtained from interviewing the entire population of registered conservative voters. In this survey, 550 respondents describe themselves as part of the “Tea Party Movement”. The margin of error for this group is 4.2 percentage points. The sampling error for other subgroups of the survey will be greater.

As with any survey, the release of selected figures from this report without the analysis that explains their meaning could be damaging to Third Eye Strategies and Stephen Clermont. Therefore, we reserve the right to correct any erroneous or misleading release of this data in any medium through the release of correct data or analysis.

HOW TO READ THE TABULAR REPORT

Always read down; the percentages in all the tables relate to the subgroups under which they appear. For example, on District 1, Table 1, Banner 1, under the heading REGION – NORTHEAST the figure 174 indicates the number of respondents who live in the two Northeastern Census regions (New England and Mid Atlantic), and the percentages below indicate the opinions of that subgroup for that particular question. The TOTAL column listed at the far left reflects the opinions of all survey respondents answering that particular question.

The following banner point might need further clarification:

Region – *Northeast* refers to the New England and Mid Atlantic Census regions. *South* refers to the East South Central, West South Central, and South Atlantic Census regions. *Midwest* refers to the East North Central and West North Central Census regions. *West* refers to the Mountain and Pacific Census regions.

Sex – *Men* refers to male respondents. *Women* refers to female respondents.

Age – *18-34* refers to those between 18 and 34 years old. *35-49* refers to those between 35 and 49 years old. *50-64* refers to those between 50 and 64 years old. *65+* refers to those 65 years old and older.

Sex and Age – *Men 18-44* refers to men between 18 and 44 years old. *Men 45+* refers to men over 45 years old. *Women 18-44* refers to women between 18 and 44 years old. *Women 45+* refers to women over 45 years old.

Military/Vet – *Yes* refers to respondents who are either in the United States Armed Forces or a veteran of the United States Military or live in a household with someone who are either in the United States Armed Forces or a veteran of the United States Military. *No* refers to those not currently in the military or a veteran and do not live with anyone who is.

Tea Party Support – *Very Well* refers to those who say the phrase “Tea Party Supporter” describes them “very well”. *Total Well* refers to those who say the phrase “Tea Party Supporter” describes them “very well” or “somewhat well”. *Not Well* refers to those who say the phrase “Tea Party Supporter” describes them “not very well” or “not well at all”.

Tea Party/Sex – *Tea Party Men* refers to men who say the phrase “Tea Party Supporter” describes them well. *Tea Party Women* refers to women who say the phrase “Tea Party Supporter” describes them well. *Other Con Men* refers to conservative men who don’t identify with the Tea Party. *Other Con Women* refers to conservative women who don’t identify with the Tea Party.

War Worth It – *Yes* refers to those who believe the war in Afghanistan has been worth fighting. *No* refers to those who do not believe the war in Afghanistan has been worth fighting.

ABOUT THIRD EYE STRATEGIES

Third Eye Strategies is a sole proprietorship run by Stephen Clermont. A graduate of the University of California at Berkeley, Mr. Clermont has worked in the area of polling and survey research for nearly 14 years at Hickman-Brown Research, Princeton Survey Research Associates, and as research director of two nonprofit political organizations. Since creating Third Eye, Mr. Clermont has conducted a variety of public opinion polls for private clients in several other states. Districts surveyed include city and county council, state house and senate as well as several ballot initiatives. In 2004, 2006, 2008, and 2010 Mr. Clermont performed all benchmark and tracking research for the New Mexico Democratic Party’s state legislative campaign.

As Senior Analyst at Hickman-Brown Research, he managed the internal polling for a number of political and nonpartisan initiatives including the National Abortion and Reproductive Rights Action League’s Choice for America public education campaign and the Al Gore for President campaign, among many others. Mr. Clermont currently serves as Research Director for the Every Child Matters Education Fund (www.everychildmatters.org) and Vote Kids (www.votekids.org), two organizations created in 2002 to elevate the issue of children and children’s issues in federal campaigns as well as hold elected officials accountable for their votes on children’s issues.

For more information, email Stephen Clermont at sjclermont@thirdeyestrategies.com or call him at (202) 550-6626.

National Conservative Voters

of Interviews – 1,000 Conservatives
 (Margin of Error ±3.1%)
Dates of Interviewing – January 4th – 10th, 2011
Conducted by Third Eye Strategies/Stephen Clermont

QA Are you officially registered to vote at this address? Yes 100%
 No/DK → **Terminate**

QB When it comes to politics, do you generally think of yourself as liberal, moderate, or conservative? Conservative 100%
 Moderate → **Terminate**
 Liberal → **Terminate**
 (DK/Refused) → **Terminate**

Q1 How well would you say the phrase “Tea Party supporter” describes you – very well, somewhat well, not too well, or not well at all?

	<u>All</u>	<u>Tea Party</u>	<u>Other</u>
Very Well.....	21%	38%	0%
Somewhat Well.....	34	62	0
Not too Well.....	23	0	57
Not Well at All.....	17	0	43
(DK/Refused).....	5	0	0
Total Well.....	55%	100%	0%
Total Not Well.....	40	0	100

Q2 Currently, the United States has 100,000 troops in Afghanistan and spent 120 billion dollars on the war in 2010. Do you agree or disagree with the following statement: “The United States can dramatically lower the number of troops and money spent in Afghanistan without putting America at risk.” **(If agree/disagree)** Do you strongly **(agree/disagree)** with that or only somewhat?

	<u>All</u>	<u>Tea Party</u>	<u>Other</u>
Strongly Agree.....	29%	28%	31%
Somewhat Agree.....	28	27	29
Somewhat Disagree.....	21	24	18
Strongly Disagree.....	12	14	9
(DK/Refused).....	10	4	12
Total Agree.....	57%	55%	60%
Total Disagree.....	34	38	27

Q3 How worried are you that the costs of the war in Afghanistan will make it more difficult for the United States to reduce the deficit next year and balance the federal budget in the next decade? Are you very worried, somewhat worried, not too worried, or not worried at all?

	<u>All</u>	<u>Tea Party</u>	<u>Other</u>
Very Worried.....	34%	33%	35%
Somewhat Worried.....	37	34	41
Not too Worried.....	18	23	13
Not Worried at All.....	6	6	5
(DK/Refused).....	5	3	6
Total Worried.....	71%	67%	76%
Total Not Worried.....	24	30	18

		<u>All</u>	<u>Tea Party</u>	<u>Other</u>
Q4	Which of the following best describes your view:			
	• We should continue to provide the current level of troops to properly execute the war in Afghanistan	24%	28%	18%
	• We can reduce the troop levels in Afghanistan, but continue to fight the war effectively.....	39	37	43
	• We should leave Afghanistan all together, as soon as possible.....	27	27	27
	(Don't Know)	11	8	12
Q5	All in all, considering the costs to the United States versus the benefits to the United States, do you think the war in Afghanistan has been worth fighting, or not?		Tea	
		<u>All</u>	<u>Party</u>	<u>Other</u>
	Worth Fighting	46%	51%	41%
	Not Worth Fighting	39	38	43
	(Don't Know)	15	11	16
Q6	Sex		Tea	
		<u>All</u>	<u>Party</u>	<u>Other</u>
	Men.....	53%	55%	52%
	Women.....	47	45	48
Q7	What is your age?		Tea	
		<u>All</u>	<u>Party</u>	<u>Other</u>
	18-24	6%	5%	6%
	25-29	8	7	10
	30-34	9	10	7
	35-39	10	9	11
